Thank you for choosing AquaFUSE and our AquaFUSION training!

We look forward to supplying you with the knowledge necessary to efficiently fuse your new AquaFuse HDPE Piping System!

To proceed with the AquaFUSION training the following items are required onsite prior to our Training Technician arriving.

| <b>Required On-Site prior to Training Session:</b>   |
|--|
| All Fusion Machines to be used must be clean and in good working condition with corresponding operating manuals. All power cords damage free and completely insulated. |
| All power sources / generators in good working condition.  |
| Minimum of 96% isopropyl alcohol in spray bottles.   |
| Plenty of Permanent Silver Metallic Sharpies   |
| Clean, Dye Free cotton Towels/Rags   |
| Small Wire Brushes (tooth brush size from Home Depot, Lowes) in both silver/steel (gold/brass)   |
| Infrared Thermometers  |
| All Fusion persons to be trained equipped with hand, ear and eye protection.   |
| Temporary Pop up Shelters for weather relief. - <i>if applicable.</i>  |
| Total Number of technicians to be trained and any background they may already have in HDPE Fusion.   |
| Pens and Pads for each technician for note taking.   |
| Interpreter for any Non-English speaking technicians. - <i>if applicable.</i>  |
| Proper Scraping Tools for EF Training. Must be clean, sharp and rust free. - <i>if applicable.</i>   |
| Proper Under Clamps or Strapping for any electrofusion Saddles. - <i>if applicable.</i>  |
| Emory Cloth for side wall fusion in sheets or rolls in 50-60 grit. - <i>if applicable.</i>   |
| Proper AquaFuse Hole Saw for Electrofusion Saddles. - <i>if applicable.</i>  |

Once all items listed above are available, please fill out the information below, sign and date this document and provide a copy to your AquaFUSE Sales Representative for further scheduling of your AquaFUSION training.

Please note the education and safety of fusing AquaFUSE Polyethylene piping products is our main focus. The items listed above are required to obtain the highest level of intent with our AquaFUSION Training. Failure to have these items available at the time of training could result in the inability to certify your technicians, postponed Training Session and/ or incur additional charges for Training.
